

ROCK  **SOLID**
MENTORING PROGRAM

**A LIFE-CHANGING OPPORTUNITY
BUILT AROUND YOUR SCHEDULE**

First off, thank you for your interest in being a mentor of one of our boys here at Eagle Rock. It's our dream that every boy has a mentor.

As you pray about making this commitment, know that we are praying for you, as well. We are praying that God sends us the right men that will be monumental in bridging the gaps and shaping the futures of these incredible young men.

Belinda Kiti

WHAT IS ROCKSOLID?

This is our mentorship program. We have seen firsthand how pivotal it is that our young men are partnered with seasoned men to build relationships with them and who will invest intentionally into their lives. It's our dream for every boy who comes to Eagle Rock to have a mentor assigned to them.

WHO IS AN IDEAL MENTOR?

It could be you! Do you have a heart to invest in young men by building relationships through woodworking projects, hiking the trails, playing ball, fishing, sitting down for a meal, a ballgame? Do you have the time in your schedule to commit to 1-2 hours/week? Do you have a passion for God to use your life to make a generational difference? Are you a good listener and able to lead a healthy conversation with a young man? If you check 'yes' on all of these, you might just be a perfect fit!

HOW DOES IT WORK?

Our mentors work alongside our team to plan activities a young man will enjoy. They touch base weekly and plan one activity per month. We've found the time is so enjoyable and rewarding they often do 2-3 activities in a given month. We will work with you to form a plan that works for you, your family, and the young man!

WHAT WAYS CAN I MENTOR?

The list is endless! We have mentors who just come and shoot basketball with the young man they are assigned to. We have mentors who begin woodworking projects in our shed by showing these young men how to use proper tools and how to build something. It can be as simple as hiking through a few trails in the woods, or going to a high school basketball game, or grabbing a meal at a local restaurant. Sometimes, a mentor may show a young man how to change the oil or plug a tire. It's all up to you! There's absolutely a way for you to make a difference!

HOW DO I GET STARTED?

We prioritize the safety of our boys. Because of this, we have an in-depth vetting process that consists of an application, background checks, an interview, reference checks, and a 2-hour training. If you're interested in making this investment into a young man, you can begin the process by clicking the link below. Our team will reach out to you and the journey will begin! Take it the men who have already been a part of this program... it will change your life!

HOW OUR MENTORS ARE ALREADY MAKING A DIFFERENCE

- Attending some of their boy's ball games
- Building things together
- Inviting the boy to join the family for dinner
- Run a race together (We had one mentor join a boy in training for a marathon. They ran the marathon together.)
- Invite the boy to tag along with you to work or to run errands
- Go fishing or hunting*
- Attend a sporting event together
- Teach the young man how to grill
- Just hang out

**some activities will require higher levels of permission*

THE PROCESS

If you've read through the information and you're ready to begin the process, here's what's next:

PHASE 1

- Fill out the Application.
- Submit 2 references.

PHASE 2

- After review, if you're approved through this phase of the process, we'll have a meeting.
- The purpose of this meeting will be to get to know you, talk through expectations, answer any of your questions, and ensure it still feels like a fit for us and for you.

PHASE 3

- If we're a "go," you'll sign a confidentiality agreement to protect the boys.
- We'll take you through a training course to best equip you to make a lifelong difference in the young man's life.
- Then, we'll get a young man assigned to you and it's time to begin bridging gaps and shaping futures.

MENTOR

- Go make a difference.
- We'll remain in touch with you as often as you need once we get started. But we won't be watching over your shoulder. We'll have routine monthly check-ins and we'll be in your corner to assist you however we can.

In unique scenarios, there may be further steps to take.
